◆ Typically lower rewards							Typically higher rewards ◆
1	2	3	4	5	6	7	

The risk and reward indicator is calculated on the basis of the share class volatility (the movement in its value) over the prior 5 year period.

As this share class has not been in existence for 5 years, simulated performance data has been used.

The risk and reward indicator:

- is based on historical data and may not be a reliable indication for the future;
- is not guaranteed and may change over time.

The fund is in category 6 primarily for the following reasons:

- Indian equity and equity-related securities by nature are volatile and prone to price fluctuations on a daily basis due to both macro and micro factors.
- In respect of investments in Indian equity and equity-related instruments, there may be risks associated with trading volumes, settlement periods and transfer procedures that may restrict liquidity of investments in equity and equity-related securities.

- Even though the constituent stocks of most indices in Indian capital markets are typically liquid, liquidity differs across stocks. Due to the diversity in liquidity of such securities, trades entered into by the Fund may not get implemented instantly.

- The Fund is not a guaranteed or assured return fund.

The value of your investment in the Fund may go up or down depending on the various factors and forces affecting capital markets and money markets in India.

- Currency Risk: The movements in the rate of exchange between the base currency of the Fund and their home currency will affect the value of their shareholding when measured in their home currency.
- Country Risk: The Country risk arises from the inability of a country, to meet its financial obligations. It is the risk encompassing economic, social and geo-political conditions in a foreign country, which might adversely affect foreign investors' financial interests.
- Investment in the lowest category risk does not mean 'risk free'.
- For further details on Risk and Reward profile, please refer to the Risk Factors section in the Prospectus and Supplement of the Fund.
